15th May 2023

Abstract acceptance notification by
22nd June 2023

Payment deadline for accepted abstracts:
30th June 2023

Conference:
7th- 9th July 2023

Eligibility Criteria:

1. Abstract submission is open to both local and international delegates.
2. All abstracts submitted must be in English.
3. Once an abstract is selected, at least one of the authors of the poster **MUST** register for the conference. Payment for conference registration should reach the Conference Secretariat before 30th June 2023 to ensure that your abstracts will be published in the abstract book.
4. The abstract title should not exceed 120 characters.
5. The abstract should not exceed 300 words.
6. Abstracts submitted must follow the abstract submission guidelines, instructions and required information as stated. The MAC 13 Scientific Committee reserves the rights to disqualify the abstract if any needs are not met.
7. Encore Abstracts will not be accepted. Encore abstract is a re-submission of an original abstract with minor changes in line with congress guidelines. ***Encore abstract is a paper where the research is done by another party and has a doctor to put their name as the author of the abstract.*
8. For further details on registration, fees and payments for the conference, kindly visit www.memsmac.org

Abstract Submission Guidelines

1. Please read the instructions carefully, as abstracts submitted not according to these instructions will not be accepted.
2. Abstracts can only be submitted electronically through the official Conference website (www.memsmac.org). Abstract sent by post, fax or email **WILL NOT BE ACCEPTED**. Delegates may submit more than ONE abstract (please use the same email address).

Submission Instructions

Category:

Select the category which BEST describes the content of your abstract. Categories are used for reviewing and indexing purposes.

Abstract title:

The title is limited to 120 characters excluding spaces and should be brief and relevant. Special characters should NOT be used in your title but spelt out instead (e.g. α should be written as alpha, β as beta). Only use standard abbreviations and generic drug names in the title. Capitalise each word in the title.

Abstract body:

- **Structure:** The abstract should have the following sub-headings: - Introduction, Methods, Results, and Conclusion.
- **Layout:** Please fill in according to the sections provided. Do not include graphs, tables or illustrations in the abstract.
- **Word count:** The abstract is limited to 300 words.
- Only commonly accepted abbreviations should be used (e.g. OGTT, IGT, ACEI). Less widely recognized abbreviations may be used if introduced on first usage (e.g. ambulatory blood pressure monitoring, ABPM).
- Only approved and generic (non-proprietary) drug names should be used.
- Do NOT enter the title, authors, or grant information into the abstract body submission field.

Please ensure that your abstract does not contain spelling, grammatical or scientific errors, as it will be published in the e-abstract/e-programme book exactly as submitted.
